How to Prepare for the CAQ Exam:

The CAQ exam is a 100 question multiple-choice exam which tests a candidates specific knowledge of podiatric wound care and amputation prevention. The major subject areas covered are listed in the content outline (link to: https://www.abpmed.org/files/CAQ%20Exam%20Content%20Outline.pdf).

While the exam is based on the current practice of wound care and amputation prevention, the following resources may be helpful in preparation for the exam.

2. Diabetic Charcot Foot; Principles and Practice, First Edition by Robert Frykberg, DPM
29. Sheehan P, et al. Percent change in wound area of diabetic foot ulcers over a 4-week period is a robust predictor of complete healing in a 12-week prospective trial. Diabetes Care 2003;26:1879
30. The Foot in Diabetes, Fourth Edition by Andrew JM Boulton, MD
